WHAT WE DO

CCASA Support and Information Line

Our support and information line is available to anyone who has been affected by any form of sexual violence. Through this line we offer crisis intervention, emotional support, supported decision making, information about the many forms of sexual violence, and referrals to community resources.

All services are free and confidential.

Individual and Group Counselling

We provide individual and group counselling for people impacted by any form of sexual violence, including sexual harassment, sexual abuse, and sexual assault. We also provide counselling to anyone supporting an individual who has been impacted by sexual violence.

Camp Chief Hector Empowerment and Celebration Weekend

CCASA offers a weekend of celebration of personal growth and healing for those who have experienced sexual violence and have attended individual and/or group counselling sessions at CCASA.

Calgary Sexual Assault Response Team

The Calgary Sexual Assault Response Team (CSART) provides specialized care to individuals who have been sexually assaulted within 96 hours. The service is available through any Calgary emergency department or urgent care centre, and the team works primarily out of their specialized facilities in the Sheldon Chumir Health Centre. This service is available 24/7 to anyone 12 years of age or older who has experienced a sexual assault. Children under 12 are supported at the Alberta Children's Hospital.

Police and Court Support (PACES)

The PACES program provides specialized information, education and support to people who have experienced sexual violence as they navigate the legal system, or as they consider doing so. If you are thinking about reporting or have reported a sexual assault to police, CCASA can provide support and information to help you.

Education and Training

CCASA's education & training programs aim to facilitate meaningful conversation on topics related to sexual violence, including why it occurs and its impact, and to build capacity within our community to respond to disclosures of sexual violence in a positive and supportive manner.

Workshops and trainings are available for:

- Public & Professionals (in groups of 6 or more)
- Children & Youth (ages 5-18)

VOLUNTEER AND COMMUNITY ENGAGEMENT

Our volunteers are an invaluable source of support and strength in providing quality sexual abuse and sexual assault services. They are our ambassadors to the community at large, and work alongside us to change attitudes and behaviours surrounding the issue of sexual violence. Volunteers primarily offer assistance via CCASA's support and information line, Alberta's One Line for Sexual Violence, as well as through booths and special events.
